ABOUT OUR INITIATIVE

"The best among you are those who contribute to the welfare of others. True piety is not in isolation, but in the sincere service of the community."

2026 RAMADAN
IMPACT REPORT

Muraqabah is an educational initiative dedicated to reviving traditional Islamic knowledge and nurturing individuals who live their faith with intention, awareness, and purpose. At its core, Muraqabah seeks to reconnect people to a way of life where knowledge is not only learned, but embodied, and where spiritual growth is grounded in sincerity and consistency.

What began as a vision is now taking shape within our local community, with a long-term goal of developing future leaders and teachers, and building a community rooted in meaningful learning. Alongside this, a central

part of our initiative is a continued commitment to serving our communities. We believe that knowledge must be accompanied by action, and that true understanding is reflected in how we care for others.

Through local outreach, food programs, and charitable efforts, as well as support for communities abroad through trusted connections, we strive to ensure that service remains an essential and ongoing part of our work. Through this balance of knowledge and service, Muraqabah aims to create a lasting impact that benefits both individuals and the wider community.

MEETING A REAL NEED

Within Muslim communities, initiatives across Ontario are reporting increasing demand for food support. The figures reflect a broader reality that many families continue to face, where access to consistent and dignified food support is not always guaranteed. This highlights the importance of community-driven efforts that are able to respond with care, trust, and a deep understanding of the needs on the ground.

1 in 4 Households Experience Food Insecurity

Across Ontario, food insecurity has reached critical levels in recent years. In 2024, approximately 1 in 4 households in the province experienced food insecurity, representing over 4 million individuals struggling to consistently afford adequate food.

1 in 3 Children Live in Food-Insecure Households

Among children, the situation is even more severe, with nearly 1 in 3 living in food-insecure households. Many families are forced to skip meals, reduce portion sizes, or rely on low-cost food options.

1 Million People in Ontario Rely on Food Banks

This issue is not limited to unemployment, as a significant portion of food-insecure households rely on wages and employment income, highlighting how even working families are increasingly unable to keep up with the rising cost of living. At the same time, food bank usage continues to rise, with over 1 million people in Ontario relying on food banks in a single year, reflecting a growing and often unseen reality across communities throughout the province.

NOTABLE HIGHLIGHTS

Where Impact Was Felt Most

This Ramadan, we witnessed moments that reminded us of the weight of this work and the reality of need in our communities. At the Downtown Hamilton Mosque, two women arrived at the exact time food was being distributed after making a prayer for relief, a moment that deeply reflected how close that need truly is, and the importance of showing up when it matters most. It served as a powerful reminder that behind every initiative are real people facing real hardship, often in ways that go unseen.

Our efforts also extended to supporting vulnerable individuals within our local community, including children facing poverty and visual impairment. Through targeted support and collaboration with trusted partners, we were able to provide assistance in a way that upheld dignity and care. These initiatives were not only about meeting immediate needs, but about ensuring that those who are often overlooked were given attention, support, and a sense of being remembered during this blessed month.

Global Impact in Tarim, Yemen

Beyond our local efforts, we were able to reach over 300 households in Tarim, Yemen through trusted connections on the ground. Support was delivered directly to families in need, as well as to the local scholars of Tarim, who expressed deep gratitude and made heartfelt prayers for the donors. This moment reflected the sincerity of this effort and the barakah that comes from giving with intention.

Community Support and Funds Raised

All of this was made possible through the generosity of our community. In just two weeks, close to \$15,000 was raised, reflecting a strong collective response and a shared commitment to serving others. It is through this unity and sincerity that we hope to continue expanding our efforts, reaching more communities, and building something that carries lasting benefit for those in need.
